

**March 2011**

Communication is a key part of any business; it helps a business thrive and grow. We realize the importance of communication and have been working hard to not only provide our customers with new and innovative products, but also to find new ways to stay connected. After all, we would not be where we are today without listening to you...our customers. We hope you enjoy reading the latest Tornatech newsletter and hope you will be delighted to read about some of Tornatech's latest developments. Happy reading!

### **ViZi Touch Update**

Our sales team is equipped with ViZi Touch demonstrators. We think that you will be pleasantly surprised and of course all your comments and suggestions are welcome. Please check our website for the latest ViZi Touch updates.

### **The Variable Speed Jockey Pump Controller is Here !**

Tornatech introduces the Model JPV Variable Speed Jockey Pump Controller. Incorporating a variable speed drive into the jockey pump controller will allow for a gradual pressure build-up into the sprinkler system and eliminate pressure spikes. The controller will be supplied standard with a NEMA 2 red enclosure, horsepower rated main disconnect, fast acting fuses, variable speed drive, a pressure transducer and Hand-Off-Auto selector switch. Product information and pricing will be available soon.

### **Upcoming Trade Shows**

Thank you for visiting us at Intersec. We hope that they were informative and we look forward to seeing you at the following upcoming trade shows.

Come visit us and ask for a demonstration of our ViZi Touch...TOUCH THE INNOVATION!

## Website

Our website is currently undergoing some changes. We have added a media center where you can find pictures and videos. We have also included a share button so you can share Tornatech information effortlessly and a Google Translate button to facilitate the viewing of our website in your own language without ever leaving our site. We look forward to unveiling a new look in the upcoming months so be sure to visit our website on a regular basis.

## Social Media

Tornatech newsletters have proven to be a great way to communicate the latest news to our customers. However, we want to update our customers more frequently and provide us with customer feedback on a regular basis. We created a handful of social media accounts to help us stay connected and create more opportunities for communication. Follow us for the latest Tornatech news including new product information, website updates, trade shows, pictures, videos and more.
